ELEMNT COMPANION APP

Use the simple interface of your smartphone via our free companion app to customize settings, configure workout pages and link sensors. Store your ride history and automatically sync workouts to your favorite training apps.

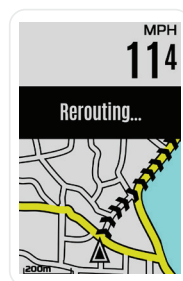

SYSTM OUTDOOR STRUCTURED WORKOUTS

Take your Wahoo SYSTM workouts, outside! Simply load the SYSTM workout onto your ELEMNT ROAM and get after it. Automatically see your workouts in the ELEMNT Companion App and push it to your head unit.

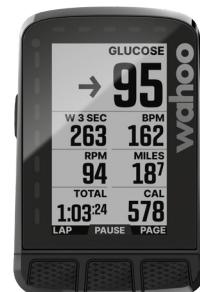

64 COLOR SCREEN

Vibrant, crystal clear color 2.7" (68.6mm) display makes seeing your data and routes easier than ever.

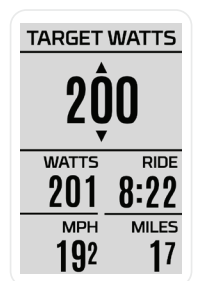

SMART NAVIGATION

Navigate to a saved location or point on the map directly on the ELEMNT ROAM. Find the most direct course and automatically get rerouted back on course

SUPERSAPIENS INTEGRATION*

Connect your ELEMNT Bike Computer to your Supersapiens Continuous Glucose Monitor and display your blood glucose level. Track real time glucose levels during your workout, and for analysis after your ride.

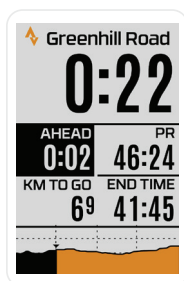

KICKR CONTROL

Pairs with KICKR Smart Trainers to allow you to train in four different modes: Route simulation, ERG, Level or Passive to just record your workout controlled by another app.

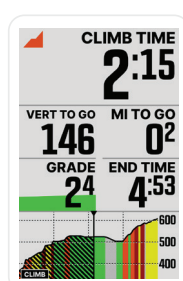

QUICKLOOK LEDs

Quicklook LEDs provide a clear way to quickly monitor your power, heart rate, speed, turn-by-turn directions and other notifications.

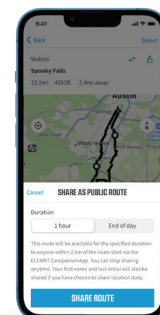

STRAVA LIVE SEGMENTS

Integrates with Strava Live Segments to alert you before the segment begins, display progress status for your goal and give a unique Final Push when you are close to hitting a PR or taking that KOM!

COMING SOON! SUMMIT SEGMENTS

Preview your climb with the new Summit feature, displaying the distance remaining, and upcoming climbs, with color-coded gradients to show gradients and the elevation chart.

COMING SOON! ROUTE SHARING

Easily share your planned route to friends or nearby riders through the ELEMNT Companion App.
